

YOUR TRUSTED PARTNER

THE SMART MONEY IS ON
 **DOUBLECOIN**

THE SMART MONEY IS ON

 **DOUBLECOIN**

We say,

**“THE SMART MONEY IS ON
DOUBLE COIN.”**

Why? Because when it comes to investing in quality and performance, Double Coin is a trusted and intelligent option in the tire market. We are a global tire brand, offering a comprehensive number of TBR and OTR tire SKUs, distributed from our strategically located warehouses across North America.

Double Coin stands for quality, performance, service, exceptional value and trust. This means we are dedicated to offering an innovative product line and providing unwavering support. Our goal is to be your preferred tire partner, year after year, and to earn and keep your trust for the life of your tires.

Connecting

MANUFACTURING EXCELLENCE TO CUSTOMER SATISFACTION

CMA LLC, is our subsidiary and touch point for marketing, sales and customer service support. CMA, LLC manufactures and markets flag, associate and private brand products from Double Coin Holdings, Ltd. CMA is the conduit for information that flows to and from each manufacturing center. This rich data leads to improved product availability. In addition, CMA supports several large tire marketing organizations with private and exclusive brand consumer and commercial tires.

Driving

INNOVATION AND EFFICIENCY FOR GREENER PRODUCTION

Our newest automated plant in Thailand is designed according to the Industry 4.0 concept. The latest plant automation creates less scrap materials. Wastewater treatment plants, sustainable raw materials, solar generated lighting and nitrogen vulcanization all contribute to a greener process to produce tires.

A LEADER BY TRADITION

Double Coin has long been a leader among tire manufacturers. In 1989, partnering with a major tire manufacturer we purchased tubeless tire and casing technology that improves tire durability and performance. In 2001 and 2011 we entered into joint ventures with a major European tire manufacturer. We have also participated in shared technology ventures with other global manufacturing corporations in the steel cord technology, carbon black/synthetic rubber technology, and petrochemical technology. These technology investments have been integrated into the manufacture of our high-quality TBR and OTR tire products.

TRUCK TIRES (TBR) ENGINEERED FOR YOUR SPECIFIC DRIVING APPLICATION

Double Coin offers an extensive line of quality truck and bus radial tires manufactured to deliver long-term performance and value in every type of driving application. Every truck and bus radial tire is backed by an aggressive 7-year, 3-retread warranty.

APPLICATION

Long Haul

Tires built primarily for highways and low abrasion environments

Regional

Tires built for medium haul and urban environments

Mixed Service

Tires built for use in on/off road applications

Intermodal

Tires engineered with additional ozone protection for long tire life

FUEL EFFICIENT

EPA SmartWay®-verified tires that offer low rolling resistance

WIDE BASE

Tires that offer fuel and weight savings

POSITION

Steer

Built for the front axle and designed to improve handling

Drive

Engineered for the drive axle to provide superior traction

Trailer

Engineered for the trailer axle and for free-rolling applications

All-Position

Built primarily for the steer position, they also offer improved lateral stability

OTR TIRES DESIGNED TO DELIVER SUPERIOR TRACTION AND A LOW COST-PER-HOUR

Double Coin offers a comprehensive number of high quality Radial OTR tire products that are engineered to the industry's highest standards. Every Radial OTR tire is built to provide optimum performance and increased tire life through uniform wear, as well as an enhanced ride and handling for operator comfort.
